Message from the Prez . . .

I want to thank Mike McKee for hosting the April drive and eat to the Mulvane Kansas Start Casino restaurant called the Kitchen Buffet. We had a great turn out of 28 cars, and there was a good variety of buffet food to indulge in. Afterwards, most everyone stayed a few MINUTES to loose some money, some more than others in about the same time. I did here that one couple won \$80.

Eight club members escorted special education students and their teachers to the Newton prom last Friday. The kids loved it as always. Afterwards the club members got back together at Montana Mikes for a good meal. I want to thank the Monte & Chris Rans, Phil & Regina Barker, Kent & Louise Michael, Dale & Barb Brotton, Terry Hurley, Travis Pearson, Chuck Cooper and Jim Hefley for their attendance in making a child or teacher grin from ear to ear.

I have turned in the Wichita Riverfest Sundown Parade application, and have 8 openings if anyone wants to join us in the parade taking place on Friday, May 31st. Please email me to reserve your slot. However, you must turn in your name and insurance information by the first week of May. If you have not been a part of this event in the past, consider it this year. We always have a great time and parade watchers love to see our cars. After the parade we meet up at Central and West for the Friday night car show.

As always, if you have any ideas for club events or places to go, please share them with me or an E-Board member. I hope to see everyone at the next monthly meeting, at Davis-Moore Chevrolet.

Glen Bailey,
ACCC President

Minutes from the April 3, 2013 ACCC Meeting

We had one guest, Bob Morehouse and his 2007 Atomic Orange Vette.

Minutes from the March meeting were approved as written with Travis Pearson and Jay Wohlgemuth objecting. However, when questioned by no less of an authority, club President Glen Bailey, on what they were objecting to, neither could answer with anything but a chessy-cat grin.

Ron Boswell said we have 91 members in good standing although some of them were sitting down.

Gary Jones reported \$1598.08 in checking and \$21.75 in petty cash. He has filed the paperwork for our non-profit status.

Mike McKee said that attending a Bling party does carry club points. Another one is scheduled for the 14th at Marsha's home. Because of the Shocker game Saturday night, the drive-and-eat was postponed one week.

Travis Pearson gave a listing of car shows in the area. The ACCC car show will be May 11 at the Best Western. NCRS will host a show on June 8 at Davis-Moore Chevrolet. Chuck COW will be tuning Corvettes at the David Stanley Chevrolet in Norman, OK on June 15. Chuck can be reached at 914-332-0049 for an appointment. June 27 & 28 is the homecoming in Bowling Green, KY. The four local Corvette clubs are sponsoring the Lake Afton show on June 9.

Kent Michael needs, needs, did I mention needs pictures to put into the newsletter.

A club event is the trip to Tanganyika on June 22. Leave the antique mall on w Kellogg at 10:00 AM. Glen is looking into a club event for the Salt Mines at Hutchinson.

Dale Brotton made a motion and Bob Battaglear seconded a motion approving \$100 for trophies for the Best Western car show. The motion carried.

Frank Duvanel made a motion and Bob Fresh seconded a motion that we sponsor the stop light to stop light even at the Black Top Nationals. The motion was carried.

The club made a \$100 deposit to the Petroleum Club for the awards banquet for January 17, 2014.

Swap and shop: Mary Hanson has a '69 roadster ready for restoration.

Cindy Dykes won both the 50/50 pot of \$16 and the door prize. Something smelled fishy. I wonder if she and Mike McKee are working together on this.

“Save the Wave”

Have you ever wondered where the slogan, “Save The Wave” came from and what it means? Below is an article that first appeared in the August/September 1969 issue of Corvette News. The article was entitled “Save The Wave”. Remember, this article was written and published in 1969!.

Ever since Corvette No. 00001 first met Corvette No. 00002 on the road, their drivers saluted each other with waves. Today, unfortunately, this grand and glorious tradition is wavering. There's one item of standard equipment that comes as a pleasant surprise to every new Corvette owner. It's an instant wave of recognition he or she receives when he meets one of their own on the road. The first time it happens, they will be taken by surprise. He immediately thinks:

1. He has been mistaken for a star
2. His lights are one
3. He has been given the bird

Soon, however, the new Vette owner anticipates, indeed even relishes, encountering other Vettes as he drives. During this period, he experiments with his waves, running the gamut from the gaping “yoo hoo” to the ultra cool “two finger flip.” He perfects his timing, making sure he affects neither a too-early wave, nor the jaded “oh brother” too-late variety. Determined not to be one upped, he even develops a defense mechanism for non wavers, usually settling on the “Wave”? My hand was just on the way to scratch my head approach. (This is especially useful when you're not driving your Vette, but you forget, and like a dummy, you wave anyway). Indeed, one of the most perplexing problems facing a would-be waver is what to do when driving next to a fellow Vette owner. Passing him going in opposite directions is one thing. Greetings are exchanged, and that's that. But what happens when you pull up next to a guy at a light, wave, nod, smile and then pull up to him at the next light, a block later? Wave again? Nod bashfully? Grin self-consciously? Ignore him? Or take the chicken's way out and turn down the next side street? If you're expecting an answer, you won't find it here. Sad to say, some questions don't have any. Girl-type Corvette drivers also have a unique problem: to wave or not to wave. This miss or misses who borrows her man's Corvette for the first time is immediately faced with this quandary. Should she wave first and look overly friendly, or ignore the wave and look like a snob? Most ladies who drive their own Vettes prefer to suffer the latter rather than take a chance of being misread. For this reason, all girls are excused for occasionally failing to return a well-meaning wave. So are new owners who are still learning the ropes. There is no excuse, however, for a guy who refuses to return the wave, not out of ignorance, but of arrogance or apathy. While this type of behavior is the exception to the rule, it seems a few owners of newer models refuse to recognize anything older than theirs, while some others simply won't wave, period. Boo on them. These ding-a-lings don't seem to realize that they are helping to squash a tradition that had its beginnings back when most of us were still driving tootsie toys.
